

2019 the 10th International Conference on Software Engineering and Service Science

📅 Oct. 18 ~ 20, 2019 / 🌐 Beijing, China / ⚠️ Submission deadline: May 31, 2019

📖 About conference

2019 the 10th IEEE International Conference on Software Engineering and Service Science (ICSESS 2019) will be held on Oct. 18~20, 2019 in Beijing, China.

The conference will bring together the top researchers around the world to exchange their research results and address open issues in deep learning and big data; intelligent system architectures; intelligent Web and algorithm; software engineering and service science; artificial intelligence tools & applications; blockchain technology and systems.

It is one of the leading international conferences for presenting novel and fundamental advances in the fields of new generation artificial intelligence, system model and algorithm, software engineering and blockchain technology and systems.

Service Science

📄 Call for papers

The conference is soliciting state-of-the-art research papers in the following areas of interest (not limited to):

- blockchain technology and systems
- big data and intelligent computing
- software engineering
- computer science and system
- model and algorithm
- service sciences
- computer network and application technology
- Web information systems and applications
- artificial intelligence and expert systems
- database system and application
- e-government
- e-business and e-commerce

The more detail topics see: <http://www.icsess.org/cfp.html>.

⚠️ Notice of submission

- ① All papers must be written in English and will be reviewed by technical committees of the Conference.
- ① All accepted papers must be written in English and will be submitted to IEEE Xplore and EI Compendex.
- ① Submission deadline: May 31, 2019. ① Paper acceptance: Jun. 20, 2019.
